**Are you ready to deep
dive into a whole
new world under
the sea!**

SEA LIFE
EDUCATION

Can you put the layers of the ocean in the correct order?

Trench

Sunlight Zone

Midnight Zone

Abyss

Twilight Zone

The layers of the ocean

Sunlight Zone

Twilight Zone

Midnight Zone

Abyss

Trench

Possible challenges of each habitat

Think about how you might:

- **Find food?**
- **Find shelter?**
- **Avoid predators?**
- **Find the space you need?**
- **Cope with pressure and temperature?**

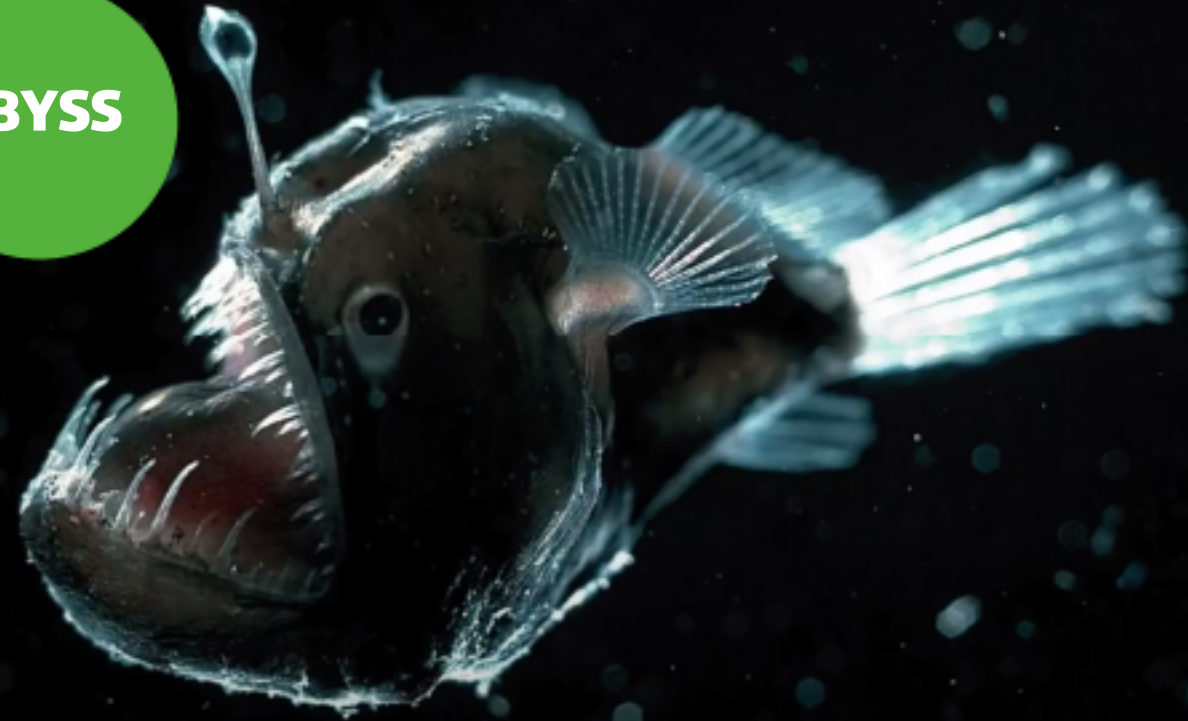

Which zones do you think these creatures live in?

- Sunlight zone?
- Twilight zone?
- Midnight zone?
- Abyss?
- Trench?

Here are the answers!

ABYSS

TWILIGHT

MIDNIGHT

SUNLIGHT

TRENCH

Awesome!

Now let's create our own creature

- 1** Decide which ocean zone it will live in
- 2** Decide on it's size and shape
- 3** Decide on it's skin and camouflage abilities
- 4** Consider it's predator and prey
- 5** Any additional special adaptations?

Will your new
sea creature
survive?

The survival test!

Out of 10, score how well your creature can...

- Find food
- Find shelter
- Cope with pressure and temperature
- Avoid predators
- Find the space it needs

10

Goodbye!

Thank you for visiting us.

**We hope you always remember
your new underwater friends!**
